

New York City Coalition on the Continuum of Care Steering Committee Preamble

The purpose of the NYC CCoC is to provide a leadership role in the prevention and eradication of homelessness in NYC. It is a broad-based coalition of homeless housing and shelter providers, consumers, advocates, and government representatives, working together to shape citywide planning and decision-making. While the original purpose and ongoing mandate of the coalition is to submit New York City's annual application for HUD McKinney-Vento funding, neither the CCoC Steering Committee nor its Co-Chairs are agents of HUD. Providers are encouraged to submit specific questions to their HUD contract managers and to establish and maintain ongoing relationships with said individuals.
